Next week...

Grown-ups:

- **Our next mini topic will be 'Dear Zoo' by Rod Campbell. If you have a copy of this book, it might be helpful to keep handy to share again after I have introduced the story to the children. Alternatively, here is an online telling of the story - <https://www.youtube.com/watch?v=rudDGRQ9QGA> (this is a YouTube video which will not play on any Chromebooks that have been borrowed.)**

Resources you can start to gather for future maths learning –

- **Objects that children can make repetitive colour or shape patterns from, i.e. buttons, small cut out shapes (e.g red squares, blue triangles), nature objects like pine cones and twigs, different cereals or pasta shapes.**
- **coins 1p, 2p, 5p, 10p, 20p, 50p, £1 and £2. A few extra 1p, 2p and 5p coins would be helpful.**
