

Nasal Flu Vaccinations – 18th November

Please log in and complete the form whether you would like your children to have the immunisation or not.

All details are on the letter, which is also on the website in the news tab.

If you have received a letter at home, you do not need to bring this in on the above date as you will have given your consent online.

Responsibilities

Many children came forward to represent their classes on one of our committees, and over the next week all these will meet, sitting in their class bubbles, distanced, but together. Badges will be distributed and action plans agreed. They will then be able to share the information with their peers in their classrooms.

Secondary Transfer

This window is open so please make sure that if your child is in Year 6, you complete the county application form when you have chosen your preferences. The deadline is 31st October.

Admissions 2021

We are organising appointments for visits, so if you know anybody who would like to apply for a place for their child in September 2021 please get them to contact us. It is another lower birth year, so we are likely to have spaces looking at predicted figures.

General Admissions

For the first time, partly due to Covid and also to a very small birth year we do have a place in the current reception class. If you know anybody moving into the area who may be interested do let them know. Unfortunately we are full in all other age groups and there are waiting lists still on many of these classes.

Parental Consultations

Once again, we have to change how these take place this half term and we have considered many different formats. We have technology and know that many at home also have access, but we also realise that there are potential issues and time can be wasted trying to get onto the system for a short period of time. During lockdown we made phone calls weekly and these worked well, and everybody has a phone, so we have decided to use this method to have a catch up and discussion before half term.

We intend to send books home on Monday 19th October, so that you can have a chance to look and see what the children have been learning, particularly in maths and English. We would like you to send them back on the Thursday or Friday so that they can be boxed, organised and put into quarantine over half term. We need them back before half term so that the children can use them immediately after, so your support in this would be brilliant.

The teachers will be available to have conversations by phone and we will be taking bookings using school interviews as normal. We can do these within the school day as we will be organising activities around this.

Tue 20th October 11 - 1.15pm 3.30 - 5pm

Wed 21st October 12.30 - 2.30pm 4 - 5.30pm

Each slot will be 10 minutes and as normal if further time is needed then this can be arranged afterwards.

We will then send targets home on Thursday/ Friday after discussions have taken place. Hopefully we will be able to meet everybody face to face again by next time, but we did not want to postpone as we want everybody to have time to speak to teachers and find out about the return to school and learning to date.

As classes have been taught together, Reception through to Year 5 will only need to book appointments with the class teacher. Year 6 have been working in different groups so appointments can be booked with Mrs Cunningham and Mrs Curtis.

Apprenticeship

We are working with City College to deliver our apprenticeships this year. The teaching assistant apprenticeship runs for 15 months and involves working in the classroom and completing tasks related to this. We have opportunities to train in this way in all three of our schools, if you know anybody who would be interested in gaining the qualification in this way.
